1. Overview

We're celebrating the official launch of THERA by rewarding our earliest community members. For a limited time, the first **50 eligible users** who successfully activate a paid subscription will receive a **\$20 Promotional Signup Reward**. This is a one-time launch campaign and will automatically end once all available Promotional Signup Rewards have been permanently secured by eligible users.

Limited Availability: Only the first 50 successfully activated subscriptions will receive this Promotional Signup Reward. Registrations alone do NOT reserve a reward — activation is required.

2. How It Works

Joining the promotion only takes two steps.

2.1 Create a New THERA Account

Register a new account on the THERA platform. **Only newly created accounts are eligible for this promotion.**

2.2 Activate a Paid Subscription

Complete a successful paid subscription to either of the following plans:

PLAN	ELIGIBILITY
SPARK	Eligible for \$20 Promotional Signup Reward
INFINITY	Eligible for \$20 Promotional Signup Reward

Your subscription must be successfully activated according to THERA's standard **activation procedure**.

3. Your Signup Bonus

After registration, a Signup Bonus may automatically appear inside your account under **Dashboard → Referrals** with the status: **Unpaid**. This allows you to track your promotional reward throughout the activation process.

Although it may appear in your Affiliate Dashboard for tracking purposes, it remains **provisional** until all eligibility requirements have been satisfied.

4. When Is My Bonus Confirmed?

The Promotional Signup Reward is not guaranteed immediately after registration. Your Signup Bonus becomes **permanently secured** only after all of the following conditions are met:

CONDITION	REQUIREMENT
Paid Subscription	A successful paid subscription activation must be completed.
Campaign Compliance	All campaign requirements must be satisfied.
Verification	Successful verification under THERA's promotional and fraud-prevention procedures.

Once these conditions are met, the Promotional Signup Reward becomes a permanent part of your **Referral Rewards balance**.

If these conditions are not satisfied, the provisional Promotional Signup Reward may be **revoked** and reallocated to the next eligible user based on the order of successful paid subscription activations.

5. Receiving Your Reward

After your reward has been permanently secured, it will continue to display as **Unpaid** until it qualifies for the Platform's standard Affiliate payout process.

REWARD BEHAVIOUR	DETAIL
Balance Integration	Automatically added to your Referral Rewards balance.
Payout Schedule	Follows the same payout schedule as standard Referral Rewards.
Balance Calculation	Included when calculating your total reward balance.
Payout Eligibility	Eligible for automatic payout only after total eligible Referral Rewards reach the minimum threshold of USD 40.

Important: The Signup Bonus cannot be withdrawn separately and has no independent withdrawal process. It is paid out as part of your cumulative Referral Rewards balance once the USD 40 threshold is reached.

6. Promotion Rules — Detail

To ensure fairness for every participant, the following campaign rules apply.

6.1 Limited Quantity

Only the first **50 eligible** successfully activated subscriptions will receive this Promotional Signup Reward. Registrations alone do not reserve a Promotional Signup Reward. If a provisional Promotional Signup Reward is revoked because the eligibility requirements are not satisfied, it may be reallocated to the next eligible user based on the order of successful paid subscription activations.

6.2 One Reward Per User

Each eligible user may receive only **one Promotional Signup Reward** during this launch campaign.

6.3 New Accounts Only

This promotion is available exclusively for **newly created THERA accounts**. Existing accounts and previously registered users are not eligible.

6.4 Verification Required

All Promotional Signup Rewards remain subject to **internal verification**, eligibility review, and fraud-prevention procedures before becoming permanently secured.

6.5 Abuse Prevention

THERA reserves the right to reject, revoke, cancel, or permanently void any Promotional Signup Reward where it reasonably determines that a user has:

THERA NETWORK · All Rights Reserved · Version 1.0

- created multiple accounts;
- attempted to manipulate or abuse the promotion;
- submitted invalid or ineligible registrations;
- violated the Terms of Service or Platform policies;
- failed to satisfy the eligibility requirements of this campaign.

Any such determination shall be final.

7. Campaign Availability

This promotion remains available only while Promotional Signup Rewards remain available. Promotional Signup Rewards may continue to be reallocated as provisional rewards are revoked or become ineligible, until all **50 Promotional Signup Rewards** have been permanently secured by eligible users.

Once all 50 Promotional Signup Rewards have been permanently secured, the campaign will **automatically close without prior notice**.

8. Future Changes

THERA reserves the right to modify, suspend, or discontinue this promotion for future participants at any time. Any Promotional Signup Reward that has already been **permanently secured** in accordance with the applicable promotional terms will not be affected.

9. Frequently Asked Questions

Q1. When will my Signup Bonus appear?

Your Signup Bonus may automatically appear in your **Dashboard → Referrals** after registering. It remains **provisional** until your paid subscription is successfully activated and all campaign requirements are verified.

Q2. Why is my bonus marked as Unpaid?

Your Signup Bonus is initially marked as **Unpaid** because it is still provisional. After successful paid activation and verification, it becomes permanently secured, but remains Unpaid until it qualifies for the standard payout process.

Q3. When can I withdraw it?

Your Signup Bonus cannot be withdrawn separately. It becomes eligible for automatic payout once your total eligible Referral Rewards reach the **USD 40 payout threshold**.

Q4. How are the first 50 rewards determined?

Rewards are secured based on the order of **successful paid subscription activations**, not registrations.

Q5. What happens if I never activate my subscription?

If your paid subscription is not successfully activated or you do not meet the campaign requirements, your provisional Signup Bonus may be **revoked** and reallocated to another eligible participant.

Q6. Can I receive more than one Signup Bonus?

No. Each eligible user may receive only **one Promotional Signup Reward** during this launch campaign.

Q7. Does this promotion apply to existing accounts?

No. This promotion is available exclusively for **newly created THERA accounts**. Existing accounts and previously registered users are not eligible.

10. Important Notice

This Promotional Signup Reward is offered solely as part of THERA's official launch campaign. Except where expressly stated on this page, all **Affiliate Program Terms, Terms of Service**, payout requirements, eligibility rules, fraud-prevention policies, and other applicable Platform policies continue to apply without limitation. Participation in this promotion constitutes acceptance of all applicable **Platform Terms**.
